Egyptian national | Valid Saudi residency (Iqama)

PROFESSIONAL SUMMARY

Full-Stack Developer with about two years of combined professional experience across software development (Full-Stack Developer, Dec 2025 – Sep 2026) and information systems (Egyptian Armed Forces, Dec 2024 – Dec 2025), and a Bachelor's degree in Management Information Systems. Designs and delivers end-to-end web applications with ASP.NET Core, C#, Entity Framework Core, and SQL Server, backed by HTML5, CSS3, JavaScript, and Bootstrap on the front end. Applies OOP, SOLID, design patterns, and clean architecture, and has built seven full-stack projects in healthcare, e-commerce, and project management. Completed Microsoft Official Courses and the CLS ASP Full Stack Developer program on the .NET stack; registered Specialist with the Saudi Council of Engineers. Based in Riyadh, bilingual in Arabic (native) and English (B1), and ready to contribute to a global engineering team.

TECHNICAL SKILLS

Languages: C#, JavaScript, TypeScript, SQL, HTML5, CSS3

Back End: ASP.NET Core, ASP.NET MVC, RESTful APIs / Web API, Entity Framework Core, LINQ, Dependency Injection

Database: Microsoft SQL Server, T-SQL, Stored Procedures, Database Design, Query Optimization, PostgreSQL, Firebase Firestore

Front End: HTML5, CSS3, JavaScript, Bootstrap, Responsive and RTL (Arabic) interfaces

Architecture & Practices: OOP, SOLID Principles, Design Patterns, Clean Architecture, CRUD, Role-Based Access Control, WebSocket

Tools: Git, GitHub, Visual Studio, VS Code, SSMS, Postman, Prisma, Supabase, Electron

PROFESSIONAL EXPERIENCE

Full-Stack Developer — Kesra Digital Marketing | 01 Dec 2025 – 30 Sep 2026

- Worked with the development team to build and maintain web solutions for the company's digital marketing business, including marketing websites and landing pages, campaign dashboards, internal tools, and integrations with advertising and analytics platforms.
- Used ASP.NET Core MVC, C#, Entity Framework Core, and SQL Server on the back end, with HTML5, CSS3, JavaScript, and Bootstrap on the front end.
- Applied OOP, SOLID principles, and clean-code practices to keep code readable, reusable, and maintainable.
- Delivered assigned tasks with efficiency and commitment and worked cooperatively with colleagues; recognized in the company's experience certificate for professional conduct and teamwork.

Information Systems Specialist — Egyptian Armed Forces | 01 Dec 2024 – 01 Dec 2025

- Operated and monitored the organization's information systems and electronic systems, supporting day-to-day IT operations.
- Helped troubleshoot and resolve technical faults and issues affecting systems and hardware; safeguarded data integrity.
- Operated and monitored computers, networks, and related systems in a high-responsibility environment.
- Performed duties with efficiency, discipline, accuracy, and strong teamwork.

SELECTED PROJECTS

TaskFlow — Project Management System | ASP.NET Core, C#, Entity Framework Core, SQL Server, Bootstrap

- Built the end-to-end platform for managing projects, teams, and daily tasks, with SQL Server persistence through EF Core.

Nashvell International Trading — Corporate Website with Admin Dashboard | HTML5, CSS3, JavaScript, Supabase, EmailJS

- Built a multi-page corporate website with content-driven pages, a contact form, and SEO basics (sitemap, robots.txt).
- Developed an admin login and dashboard for managing site content, plus a Supabase-controlled maintenance mode that works without redeploying.

Dental Clinic Management System — Desktop Application | Electron, TypeScript, PostgreSQL, Prisma, WebSocket, Supabase

- Connected reception and doctor workstations in real time over WebSocket, covering patient records, prescriptions, billing with partial payments, inventory, and financial reports.
- Added role-based access control, automatic backups, Arabic RTL support, and sync with the online booking system.

Dental Clinic Website and Online Booking | TypeScript, Supabase (PostgreSQL), Row-Level Security

- Built an Arabic-first responsive site with a booking wizard showing live availability; double-booking is prevented at the database level.
- Synced bookings automatically to the clinic's desktop system and alerted reception instantly.

Halwani Elmsry — E-Commerce Platform | Firebase Firestore, HTML5, CSS3, JavaScript, Bootstrap

- Delivered a storefront and an admin dashboard for managing products, categories, and orders.

White Wing Dental Center Landing Page | Personal Portfolio Website | HTML5, CSS3, JavaScript, Bootstrap

- Built a framework-free Arabic (RTL) landing page with a validated booking form, plus a responsive portfolio site.

AI Accessibility Assistant — Capstone Project (DECI Program) | MIT App Inventor, PictoBlox (Machine Learning), Google Sheets

- Built a mobile app and a machine-learning model that recognizes four sign-language gestures (Hello, Thank You, Sorry, Help) to support people with hearing disabilities.

EDUCATION

Bachelor's Degree in Management Information Systems (MIS) | 2020 – 2024

Misr Higher Institute for Commerce and Computers, Egypt

TRAINING COURSES AND MEMBERSHIPS

- **ASP Full Stack Developer (Training Program)** — CLS Learning Solutions (Dec 2025 – Jun 2026): SQL Essentials, C# Programming, HTML/JavaScript/CSS, ASP.NET Core MVC, ASP.NET Core Web APIs
- **Developing ASP.NET Web Applications (Course 20486)** — Microsoft Official Course, Jun 2026
- **Programming in HTML5, JavaScript and CSS3 (Course 20480)** — Microsoft Official Course, Jun 2026
- **English Language Course, Intermediate (B1)** — Fluentcore Learning, Mar 2026
- **Saudi Council of Engineers (SCE)** — Specialist, Management Information Systems; Membership No. 1283609 (Aug 2026 – Aug 2027)

LANGUAGES

Arabic — Native | **English** — Intermediate (B1 course certificate)

Experience certificate and training certificates are attached in the appendix.

CERTIFICATE APPENDIX

Supporting documents for the experience and certifications listed in this CV.
