SALMAN TAWFIQ MUSTAFA

Full-Stack Developer | C#, ASP.NET Core, SQL Server and Web Applications

Riyadh, Saudi Arabia | +966 50 913 9545 | salmantawfeeq10@gmail.com
linkedin.com/in/salmantawfiq | github.com/salmantawfeeq | salmantawfiq.com
Egyptian national | Valid Saudi residency (Iqama)

PROFESSIONAL SUMMARY

Full-Stack developer with about two years of combined experience, including full-stack work at Kesra Digital Marketing with C#, ASP.NET Core MVC, Entity Framework Core and SQL Server. Built a desktop clinic management system, a project management system and several client websites. Bachelor's in MIS; based in Riyadh with a valid Iqama.

TECHNICAL SKILLS

Development: C#, ASP.NET Core, Entity Framework Core, TypeScript, JavaScript, HTML5, CSS3, SQL, REST API Integration

Databases: Microsoft SQL Server, T-SQL, PostgreSQL, Supabase, Firebase

Tools: Git, GitHub, Visual Studio, VS Code, Postman, SSMS, Windows, Microsoft Office / Microsoft 365

SOFT SKILLS

Problem-Solving, Clear Communication, Working Under Pressure, Time Management and Prioritization, Attention to Detail, Teamwork and Collaboration, Adaptability, Quick Learner

PROFESSIONAL EXPERIENCE

Full-Stack Developer — Kesra Digital Marketing | 01 Dec 2025 – 30 Sep 2026

- Worked as part of the development team to build and maintain web applications and internal tools for the company's digital marketing business, including campaign dashboards.
- Used SQL Server, ASP.NET Core MVC, C# and Entity Framework Core, and contributed to integrations with advertising and analytics platforms.
- Delivered assigned tasks with efficiency and commitment; recognized in the company's experience certificate for professional conduct and teamwork.

Information Systems Specialist (IT Support) — Egyptian Armed Forces | 01 Dec 2024 – 01 Dec 2025

- Acted as first point of contact for end users: received issues, investigated, troubleshot and resolved faults affecting applications, Windows workstations, hardware and systems.
- Supported Microsoft Office / Microsoft 365 users, tracked issues through a ticketing process and documented problems and solutions.

SELECTED PROJECTS

Dental Clinic Management System — Desktop Application | Electron, TypeScript, PostgreSQL, Prisma, WebSocket, Supabase

- Connected reception and doctor workstations in real time over WebSocket, covering patient records, prescriptions, billing with partial payments, inventory and financial reports.
- Added role-based access control, automatic backups, Arabic RTL support and sync with the online booking system.

Dental Clinic Website and Online Booking | TypeScript, Supabase (PostgreSQL), Row-Level Security

- Built an Arabic-first responsive site with a booking wizard showing live availability; double-booking is prevented at the database level.
- Synced bookings automatically to the clinic's desktop system and alerted reception instantly.

TaskFlow — Project Management System | ASP.NET Core, C#, Entity Framework Core, SQL Server, Bootstrap

- Built a Trello/Jira-style platform for managing projects, teams and daily tasks using Clean Architecture, Repository and Unit of Work patterns, with SQL Server persistence through EF Core.
- Added ASP.NET Core Identity authentication, dashboards with charts, and PDF and Excel export.

Nashvell International Trading — Corporate Website and Dashboard | HTML5, CSS3, JavaScript, Bootstrap, Supabase

- Built a multi-page corporate website for an international trading company covering trade, logistics, aviation, technology, investment, projects, gallery and contact.
- Added secure login with role-based access (admin and employee) and a dashboard to manage products, categories and users.

Al-Masry Sweets — Online Store Website | HTML5, CSS3, JavaScript, Firebase (Firestore, Auth, Storage)

- Built an Arabic website for an Egyptian sweets shop with products, offers, gallery, customer reviews, cart and contact pages.
- Added an admin panel to manage products, reviews and site settings.

White Wing Dental Center — Landing Page | HTML5, CSS3, JavaScript

- Built a responsive Arabic (RTL) landing page for a dental center in Riyadh, with a validated booking form.

Personal Portfolio Website (salmantawfiq.com) | HTML5, CSS3, JavaScript

- Built a responsive bilingual (English and Arabic) portfolio website presenting my projects and services.

EDUCATION

Bachelor's Degree in Management Information Systems (MIS) | 2020 – 2024
Misr Higher Institute for Commerce and Computers, Egypt
Graduation project grade: Excellent
